

Certificate II in Animal Care (VDSS)

COURSE CODE: ACM20121

Description:

Are you passionate about working with animals and looking to turn that passion into a career? This course is the perfect entry point into the animal care industry, providing the foundational knowledge and hands-on skills to care for a wide range of companion animals. The program is highly recommended for those who take a keen interest in the welfare and well-being of animals. Providing participants with an introduction to the animal care and management industry.

You will learn things like:

- How to work safely and responsibly in the companion animal industry
- Providing daily care for a variety of animals, including feeding, grooming, and enrichment
- Support animal health and welfare through basic hygiene, handling, and observation techniques
- Communicate effectively with clients and colleagues in a professional setting
- Apply workplace health and safety practices in animal care environments
- Work in the animal care industry

Does this sound like you:

- Have a strong sense of compassion and empathy toward animals
- Display a genuine interest in animal welfare
- Be patient, observant, and responsible
- Understand that animal care often requires dedication, routine, and the ability to respond calmly in unpredictable situations.
- Be physically active
- Not be deterred by hands-on tasks, such as cleaning, feeding, and handling animals in varied environments.
- Possess good communication skills to interact effectively with pet owners, team members, and professionals,
- Display a willingness to learn about animal health, behavior, and safety practices.
