

Certificate II in Apparel, Fashion & Textiles (VDSS)

COURSE CODE: MST20722

(Partial Completion)

Description:

Are you looking to step into the dynamic world of fashion and garment production? This course is designed specifically as a foundational course, that requires no prior sewing or design experience. It provides a structured, hands-on introduction to the essential mechanics of clothing creation, from mastering industrial sewing machines to understanding fabric properties and basic pattern modification.

By blending practical technical skills with introductory fashion illustration, the course equips you with the confidence and core capabilities needed to bring your creative ideas to life. Whether your goal is to create your own wardrobe, start a small niche clothing enterprise, or pathways into advanced diplomas and university degrees, this qualification lays the vital groundwork for a rewarding journey in the global textile and fashion industry.

You will learn things like:

- How to work safely
- Identifying and handling fabrics and textiles
- Sewing materials by machine and hand
- An introductory overview of the fashion industry
- Gain a strong base for future fashion related studies

Does this sound like you:

- You have a high level of patience as garment construction involves meticulous processes
- A strong eye for attention to detail
- Ability to accurately measure and cut fabric
- A creative flair for experimenting with colours, textures and shapes
- Strong problem solving ability
- Good time management skills to ensure all projects are completed on time
