

Certificate II in Plumbing (Pre-apprenticeship) (VDSS)

COURSE CODE: 22701VIC

(Partial qualification)

Description:

Interested in a hands-on trade where no two days are the same? The Certificate II in Plumbing (Pre apprenticeship) is designed to give you a strong introduction to the plumbing industry and prepare you for an apprenticeship.

You will learn things like:

- Working safely as part of a team
- Measuring and calculating
- Using basic industry terminology to communicate effectively
- Producing simple technical drawings
- Read and interpret plumbing plans and specifications
- Safely use plumbing tools, materials and equipment
- Measure, cut, bend, and join piping systems
- Install and test fixtures such as toilets, sinks, and water tanks
- Work with roofing materials and basic sheet metal tasks
- Understand the fundamentals of gas, water, and drainage systems
- Apply workplace safety and environmental sustainability practices

Does this sound like you:

- Enjoy physical, practical work and problem-solving
- enjoy working outdoors and in a variety of environments
- Are comfortable with manual labour and working in all weather conditions
- Have good hand-eye coordination and attention to detail
- Are confident working at heights and with tools
- Can follow plans, instructions, and technical drawings
- Are reliable, safety-conscious, and keen to learn new skills
