

Certificate III in Allied Health Assistance – (VDSS)

COURSE CODE: HLT33021

(Partial Completion)

Description:

Interested in working in hospitals, aged care, or health clinics? This course reflects the role of a new worker wanting to become an Allied Health Assistant.

It focuses on client care, communication, and practical skills to work in healthcare environments, ideal for students passionate about health and community support. Supervision may be direct, indirect or remote, according to the individual Allied Health Assistant's scope of practice and experience.

To achieve this qualification, the candidate must have completed the required hours of clinical placement.

You will learn things like:

Within this program you will also develop a range of factual, technical and procedural knowledge relating to:

- Infection prevention and control
- Workplace health and safety
- Client movement
- Cultural diversity
- Workplace procedures
- Communication

Does this sound like you?:

- Are caring, empathetic, and passionate about helping others
- Are reliable, responsible, and committed to professional conduct
- Have strong communication and teamwork skills
- Are comfortable working around people with diverse needs and in clinical environments
- Are able to follow instructions and work under supervision
- Can manage tasks safely and efficiently in fast paced or sensitive environments
