CR LOWER HUME VDSS CLUSTER

Certificate II in Construction Pathways – (VDSS)
COURSE CODE: CPC20220

Description:

This course is designed for students interested in beginning a career in the construction industry. It provides a strong foundation in basic construction practices and introduces students to a range of trade skills, including carpentry, concreting, bricklaying, and more. This course gives you a solid foundation of hands-on skills and knowledge to support applications for apprenticeships in Carpentry, Furnishing, or other Construction Trades. The course is highly practical and builds essential skills for future apprenticeships or trade training.

You will learn things like:

- Workplace health and safety procedures
- Using hand and power tools
- Measurements and calculations
- Basic levelling and construction techniques
- Introduction to bricklaying, carpentry, concreting, and other trades
- Communication and teamwork on-site
- Construction material handling and sustainability practices

Does this sound like you:

- Enjoy physical outdoor work and have a practical mindset
- Are comfortable with manual labour and working in all weather conditions
- Have good hand-eye coordination and spatial awareness
- Are confident working at heights and with tools
- Enjoy solving technical problems and working to precise measurements
- Have a sound understanding of mathematics (for measuring, calculating angles, quantities, and quotes)
- Are not affected by dust or other common environmental factors on construction sites

INFORMATION PROVIDED AS A GUIDE ONLY.
Please check details with nominated RTO prior to enrolment.
